Re: Wedding, et al. v. CalPERS, JCCP No. 4936

Dear Counsel:

I have been retained the California County Retired Employees Association (CRCEA), which represents more than 180,000 county retirees in 20 California counties. CRCEA estimates that it has at least 10,000 class members subject to the proposed settlement in this case. I am writing simply to request information so that these class members can make a more informed decision regarding their options.

I have read all of the papers submitted with the motion for preliminary approval, and the court's March 10, 2023 order, including the notice to be sent to class members. I have also reviewed the available portions of CalPERS' Long-Term Care Valuation Report dated April 18, 2022, although this valuation report does not appear to be broken into the various long-term health plans.

Would you please provide me with any actuarial analysis, reports, or studies indicating the expected solvency of the CalPERS' long-term care plans involved in this proposed settlement, assuming proposed settlement is *approved*.

Please reply as soon as possible and let me know when we can expect this information. Because time is relatively short, please respond this week if possible.
